

Prescribed for Progress™

PR02 TOTAL BODY

An upper body exerciser and lower body recumbent bike in one for a total body solution. Dependent upper and lower cranks enable passive assistance.

- Upper, lower or total body exercise for versatile rehab
- Dependent motion allows stronger extremities to assist weaker ones
- Adjustable upper and lower cranks: 3 length settings
- Easy access with true, adjustable step through
- Bi-directional exercise
- Iso-Strength safe, accommodating strength program
- Very low starting resistance
- Removable seat for wheelchair access
- Premium, standard and bariatric seat options

PR02 with Premium Seat and Cool Grey Covers
